

Genie Lab

Dear Parents,

We are delighted to announce that Genie Science club will be back at The Horsell Village School this Autumn term.

Check out our promotional video to give you an idea of what we do...

<https://vimeo.com/524279300/2d1ed8e9ca>

There will be 13 sessions from Monday 9th September to Monday 16th December 3.20-4.20pm at a cost of £130 (There will be no sessions during the October half term and November 4th INSET day).

To book and make payment, please go to www.bookwhen.com/genielab.

Please note we can take children from our club to the HVS After School Club by prior arrangement only.

What do we do...?

We cover loads of science topics from pressure, chemical reactions, bubbleology and rocketry to hovercrafts, sound and optical illusion! Examples of the makes our children bring home include telegraphs, torches, Hex bugs, lava lamps and balloon powered cars. They also often work collaboratively in areas such as construction and design, in the past making their very own leaning Tower of Pisa!

In our years of experience, we have found that nothing can resonate better with children than a nurturing environment where they are able to get completely hands on and not be afraid to learn through trial and error. Skills learnt through our programme include communication and team work, analysing, data interpretation, hypothesising, measuring and classifying to name just a few.

Look forward to seeing you!
