## What is Intro to Music?

Intro to Music is a lively, hands-on club for primary school children from Reception Year 1 and Year 2. Open to complete beginners, sessions run term time only.

.....

Children explore a range of instruments including ukulele, vocals, percussion, glockenspiel, and keyboard, while learning core musical skills such as:

- Playing on the beat (crotchets) and quavers
  - Loud and quiet dynamics
  - Ensemble skills and active listening
- .....

It provides a strong foundation for progression to one-to-one lessons or Jamming Together. Sessions always rehearse and perform with backing tracks, featuring popular radio and pop songs children know and love (e.g. verse-chorus hits like “Roar”).

.....

We focus on building confidence and creativity through foundational music learning, prioritising group enjoyment over perfection while ensuring every child feels included and encouraged.
