

At The Horsell Village School, we believe that Internet Safety is a crucial element of our curriculum and an essential part of your child's development in a world where they are surrounded by technology. Please find below some links that will help you support your child's when using the internet in your home environment.

School Online Safety Poster

Click on this link to find a copy of our school online safety poster that is displayed in all classrooms.

Parental Controls

Setting up good parental controls on all internet devices is one way of being able to start protecting your child online. The following links provide some information to support you with this.

<https://www.saferinternet.org.uk/advice-centre/parents-and-carers/parental-controls-offered-your-home-internet-provider>

Reporting concerns

If you have any concerns about your child's online use the following link provides useful information on how you can make different reports depending on the concern you have.

<http://www.childnet.com/resources/how-to-make-a-report>

If you fear someone has done something online that has made you or your child feel worried or unsafe, the following link takes you to the CEOP police team where you can submit a report straight to trained child protection officers.
